**FOR THE YEAR ENDED 30 JUNE 2023**

The financial statements cover Rock FM Association Inc as an individual entity. Rock FM Association Inc is a not-for-profit association incorporated in Queensland under the Associations Incorporation Act 1981 ('the Act').

## **NOTES TO THE FINANCIAL STATEMENTS**

**FOR THE YEAR ENDED 30 JUNE 2023**

### **Rendering of services**

Revenue in relation to rendering of services is recognised depending on whether the outcome of the services can be estimated reliably. If the outcome can be estimated reliably then the stage of completion of the services is used to determine the appropriate level of revenue to be recognised in the period.

If the outcome cannot be reliably estimated then revenue is recognised to the extent of expenses recognised that are recoverable.

Revenue from training services is generally recognised once the training has been delivered.

### **Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST.

### **Cash and cash equivalents**

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

### **Property, plant and equipment**

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation and impairment.

Plant and equipment is depreciated on a straight-line basis over the assets useful life to the association, commencing when the asset is ready for use.

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2023**

**Impairment of non-financial assets**

At the end of each reporting period, the association determines whether there is an evidence of an impairment indicator for non-financial assets.

Where this indicator exists and regardless for goodwill, indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the assets is estimated.

Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss.

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss, except for goodwill.
